

SIVAKUMAR MATHAPPAN

Network Security Engineer

Mettur, Salem, TN | +91-8489037062 | sivakumarskm23@gmail.com | linkedin.com/in/sivakumar

PROFESSIONAL SUMMARY

Network Security Engineer with 2 years of experience in firewall administration, endpoint security, Microsoft 365 administration, virtualization, and enterprise IT infrastructure management. Skilled in Sophos Firewall, FortiGate Firewall, Cisco Meraki, ManageEngine Endpoint Central, Seqrite Endpoint Security, VMware ESXi, and Microsoft 365. Experienced in security monitoring, incident response, threat detection, vulnerability management, VPN administration, email security, and maintaining highly available enterprise environments. Holds CCNP, CCNA, and MCSA certifications with a strong foundation in cybersecurity operations and network security.

PROFESSIONAL EXPERIENCE

Network Security Engineer | Prominent Contact India Pvt Ltd | Dec 2025 – Present

- Administer Sophos Firewall security policies, NAT rules, VPNs, and access control configurations to protect enterprise perimeter.
- Manage Microsoft 365 Admin Center and Exchange Online — user accounts, licensing, mail flow, spam filtering, and phishing protection.
- Deploy and maintain ManageEngine Endpoint Central for software distribution, patch management, and endpoint compliance monitoring.
- Operate Seqrite Endpoint Security for real-time threat detection, malware remediation, and security alerting.
- Monitor network availability, uptime, and performance across enterprise infrastructure; investigate and resolve security incidents and network outages.
- Support managed switches, wireless access points, and remote connectivity solutions; generate compliance reports for management.

Jr. Network Engineer | Mazenet Solution Pvt Ltd | Oct 2024 – Nov 2025

- Configured DLink managed switches; designed VLAN-based network segmentation and LAN/WAN connectivity solutions.
- Managed FortiGate and Sophos Firewall configurations including VPN deployment.
- Administered VMware ESXi environments — VM provisioning, virtual networking, and resource optimization.
- Managed NAS-based backup and data protection processes; monitored network performance and resolved connectivity issues.
- Provided technical support for network, server, and end-user systems.

Network Support Engineer (Contract) | NIT Andhra Pradesh | Mar 2025 – May 2025

- Managed Cisco Meraki MX Firewalls, MS Switches, and MR Access Points via the Meraki cloud dashboard.
- Assisted VLAN implementation and network optimization projects; resolved campus-wide performance and connectivity issues.

KEY PROJECTS

Tally Cloud Infrastructure Deployment

- Deployed Tally Cloud infrastructure on VMware ESXi; provisioned Windows VMs and configured virtual networking, VLANs, and DHCP.
- Configured Sophos Firewall policies and secure remote access; managed RDP permissions for cloud-hosted Tally ERP environments.

Technologies: VMware ESXi, Sophos Firewall, VLAN, DHCP, RDP

School Campus Network Deployment

- Implemented Cisco-based campus network with MikroTik router for dual-ISP connectivity and six-VLAN traffic segmentation.
- Deployed Cisco IE5000 Core Switch and Cisco Business Series access switches; optimized overall network performance.

Technologies: Cisco IE5000, MikroTik Router, Cisco Business Switches, VLANs, Dual ISP

Software Company Network Implementation

- Deployed FortiGate FG-40F Firewall with dual-ISP failover and load balancing; configured D-Link managed switches and Ruckus APs.
- Implemented firewall policies, DHCP services, and port forwarding for secure and reliable office connectivity.

Technologies: FortiGate FG-40F, D-Link Switches, Ruckus AP, Dual ISP, DHCP

Virtual Training Lab Infrastructure Deployment

- Deployed and managed virtual training labs using VMware ESXi.
- Created Windows 10/11 virtual machines and configured virtual networking.
- Configured Sophos Firewall, DHCP, NAT, and port forwarding.
- Provided secure student access through public IP and RDP.
- Managed VM provisioning, troubleshooting, and performance optimization.

Technologies: VMware ESXi, Sophos Firewall, Windows 10/11, DHCP, NAT, Port Forwarding, RDP, Virtual Networking

TECHNICAL SKILLS

Firewall / VPN	Sophos Firewall, FortiGate Firewall, Cisco Meraki MX, SSL VPN, Firewall Policy Management.
Endpoint Mgmt	ManageEngine Endpoint Central, Seqrite Endpoint Security, Patch Management, Software Deployment, Asset Management
Security & Monitoring	Security Monitoring, Incident Response, Threat Detection, Vulnerability Management, Security Operations, Email Security, Spam Filtering, Phishing Protection, Network Availability Monitoring, Wazuh SIEM, Security Onion.
Microsoft	Microsoft 365 Admin Center, Exchange Online, Active Directory, Windows Server 2019/2022, Windows 10/11
Networking	LAN/WAN, VLAN, Switching, DHCP, DNS, TCP/IP, Network Troubleshooting
Virtualization	VMware ESXi, VM Deployment, Virtual Networking, Resource Management
Tools	Wireshark, PuTTY, Cisco Meraki Dashboard, Remote Desktop Protocol (RDP)

CERTIFICATIONS

• Cisco Certified Network Professional (CCNP)	• Cisco Certified Network Associate (CCNA)
• MCSA – Microsoft Certified Solutions Associate	• Hardware & Networking – Systech Academy

EDUCATION

M.Sc. Cyber Security Manonmaniam Sundaranar University <i>CGPA: 8.0 / 10</i>	B.Sc. Computer Science Periyar University <i>CGPA: 7.4 / 10</i>
